

VirtualLoop Quick Start Guide

1

Login to
the WebUI

Username •

user

Password •

V1rtualL00p!

2

Setup BIUs and plugin SDLC

The controller BIUs serviced by this device:

BIU 1 (#9)

BIU 2 (#10)

BIU 3 (#11)

BIU 4 (#12)

Save

3

Generate camera scripting

Scripts are pasted into the camera Alarm Task Editor

```
//// Alarm task script for camera [asdf]
HttpCommand rule3deton := { Command("api/set/detector?token=239215d7952a48f
HttpCommand rule3detoff := { Command("api/set/detector?token=239215d7952a48f
if (VCARule(1, 3)) then rule3deton;
if (!VCARule(1, 3)) then rule3detoff;
```
